CARACTERISTICAS DE NUESTRAS FAJAS / FEATURES OF OUR GIRDLES

• Nivel de compresión / Compression level

ALTA COMPRESIÓN: Mantienen tu cuerpo más firme, controlado y con mejor definición de la silueta.

MEDIA COMPRESIÓN: Ideales para moldear tu figura con comodidad.

HIGH COMPRESSION: Keeps your body firmer, more controlled and with a better silhouette definition.

MEDIUM COMPRESSION: Ideal for shaping your figure comfortably.

• Sistema de ajuste / Adjustment system

Se refiere a la forma como la faja se adapta al cuerpo, este se asigna según el nivel de compresión de la prenda y tu necesidad.
It refers to the way the girdle adapts to the body, this is assigned according to the compression level of the garment and your needs.

CIERRE/ZIPPER

Es más imperceptible con la ropa exterior.

It is more imperceptible with outer clothing.

BROCHES/HOOKS

En el proceso que se reducen medidas, se alcanza un ajuste perfecto gracias a las posiciones de broches que ofrecemos.

In the process of reducing measurements, a perfect fit is achieved thanks to the snap positions we offer.

ESTILOS / STYLES

Se refiere al cubrimiento de la faja en espalda, brazos y piernas. La recomendación del cubrimiento depende de la zona del cuerpo que se desee controlar, contextura y/o preferencia.

It refers to the coverage of the girdle on the back, arms and legs. The recommendation of the coverage depends on the area of the body that you want to control, your build and/or preference.

Son fabricadas en dos tipos de tela, la parte exterior es elaborada en powernet de la más alta calidad, la cual ejerce la presión adecuada para moldear tu figura.

Moldean y reducen tu cintura varios centímetros, realzan el busto y los glúteos, recogen los gorditos de la espalda y corrigen tu postura. Te ayudan en la recuperación post-parto y tratamientos estéticos.

- Ideales para el post-operatorio.
- Se encuentran disponibles desde la talla XS hasta la 3XL, en colores Beige y Negro.
- El uso continuo garantiza la reducción de varios centímetros en las zonas deseadas.

Fajas para cada necesidad:

- Post-quirúrgicas
- Post-parto
- Moldeadoras
- Uso diario
- Deportivas con látex

They are made from two types of fabric, the outer part is made from the highest quality powernet, which exerts the right pressure to shape your figure.

They shape and reduce your waist by several centimeters, enhance your bust and buttocks, gather the fat from your back and correct your posture. They help you in postpartum recovery and aesthetic treatments.

- Ideal for post-operative care.
- Available in sizes XS to 3XL, in Beige and Black.
- Continuous use guarantees a reduction of several centimetres in the desired areas.

Girdles for every need:

- Post-surgical
- Post-partum
- Shaping
- Daily use
- Latex sportswear

Si estás entre dos tallas, debes escoger la talla mayor debido a la alta compresión de las prendas.

If you're between sizes, please select one size above due to the garment's high compression level.

CINTURA WAIST

Al finalizar el área de las costillas, un poco arriba del ombligo, es la parte más delgada de nuestro cuerpo.

At the end of the rib area, a little above the belly button, it is the thinnest part of our body.

CADERA HIP

Es la parte más ancha de nuestro cuerpo. Las piernas deben estar juntas sin ejercer presión una con otra.

It is the widest part of our body. The legs must be together without exerting pressure on each other.

Para elegir la talla correcta de Brasier, sigue estas recomendaciones:

To choose the correct bra size, follow these recommendations:

CONTORNO ALTO HIGH CONTOUR

Con la ayuda de una cinta métrica rodea tu busto y espalda, mide a la misma altura justo por encima de tu busto, encima de tu pezón.

With the help of a tape measure surround your bust and back, measure at the same height just above your bust, above your nipple.

CONTORNO BAJO LOW CONTOUR

Baje la cinta métrica y mida justo debajo de su busto como indica la línea de la imagen.

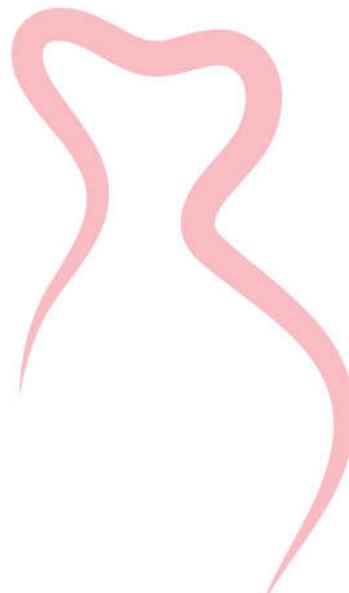

Take the tape measure down and measure just below your bust as indicated by the line in the image.
